To be honest I'm not in a position to attend any events at the moment as life is ridiculously busy as it is. But I'm not a member of IPEd for events - I'm a member because it is my professional association and advocates on behalf of editors.

Any technical training in editing would be most welcome.

3/31/2018 2:43 PM

It would be great to tap more into the membership if possible as there is a lot of expertise. There should be some payment, however as it does take time to prepare. Also input from young people in different aspects of the industry

3/29/2018 1:15 PM

I live in regional WA so if the branch meetings could be video linked, either real-time or to watch later, I'd be interested to participate. I dont know how this could be done though, not part of my expertise unfortunately
